CAREER OBJECTIVE

To build up my career in a dynamic and reputed organisation where I can explore my capabilities and gradually develop my knowledge, skills, and abilities to efficiently perform duties and responsibilities. I have the keen desire to work in a challenging and under pressure working environment.

INTERESTS

I like googling. I want to search for facts and figure out solutions to problems mentally.

DECLARATION

I declare that all information stated above in this CV is true and complete to the best of my knowledge.
